EXTRACT OF CERCIS CHINENSIS
HAVING ANTI-OXIDANT ACTIVITY
AND ANTI-AGING ACTIVITY, AND
COSMETICAL COMPOSITION
CONTAINING THE EXTRACT FOR
ANTI-OXIDATION, SKIN-AGING
PROTECTION AND WRINKLE

IMPROVEMENT

INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450 June 6, 2005

Sir:

Pursuant to M.P.E.P. §609 and 37 C.F.R. §§1.56, 1.97-1.99, Applicants herewith submit forms PTO-1449 (2 pages), which lists references cited in the International Search Report (ISR) dated January 29, 2004, International Preliminary Examination Report (IPER) dated February 25, 2004 and of which Applicants are aware of for the application. A copy of the ISR and IPER are enclosed herewith.

This submission does not represent that a search has been made or that no better art exists. While the term "references" is used in citing the documents called to the Examiner's attention herein, Applicants do not make any admission that each or all of them are "prior art" references within the meaning of the statutory and case law.

Applicants reserve the right to contend, where appropriate, that a patent asserted against any claim of the present application is not prior art under the facts and the law.

Applicants also reserve the right to present appropriate arguments and/or evidence to establish patentability over the references, should one or more of the references be applied against the claims of the present application.

Applicants request that the Examiner independently determine those items which the Examiner would consider the most pertinent of all the references cited herein.

This Information Disclosure Statement is filed with the application and is therefore within three (3) months of the filing date of this application. Accordingly, this document complies with the requirements of 37 C.F.R. Section 1.97(b). It is respectfully requested that the references cited in the accompanying PTO-1449 form be considered and made of record.

Respectfully submitted,

LUCAS & MERCANTI, LLP

Michael N. Mercanti
